"I have no more leg cramps in the middle of the night and I fall asleep fast. I love CalMax and will continue taking it."

**What makes CalMax loved by millions?**

Millions rely on CalMax, our powerful weapon against osteoporosis and stress. The unique blend of calcium and magnesium in CalMax, together with other essential vitamins and minerals, goes a long way toward stronger bones and better health. This hot, or cold if you prefer, lemony drink – replaces the vital nutrients your body burns up when you experience stress. Only available at Dr. Newton's Naturals.

**Everyday stress takes a toll**

You may not recognize the impact of stress on your overall health because it happens gradually. Little by little you lose energy, can't sleep and have back pain. Over time, stress can rob your body of calcium and magnesium and lead to debilitating health conditions. Calcium and magnesium are vital components of any healthy diet. Hundreds of body functions rely on having the proper amount of magnesium. In addition, calcium cannot be absorbed without magnesium. They work together for optimum bone health.

Calcium alone isn't absorbed by the bones as effectively as when it's paired with magnesium (right).

Osteoporosis (right) weakens bones and can lead to debilitating fractures.

## Harness the Power of OmegaKrill PRO

### Omega-3s for overall health

Omega-3 Essential Fatty Acids (EFAs) provide energy, and play a vital role in normal health functions. As their name suggests, they are essential and must be consumed daily because the body has limited storage for them. Omega-3s are crucial to healthy physiology, and may help:

- ✓ Support heart health and cardiovascular function.
- ✓ Promote brain health, joint function and normal flexibility.
- ✓ Fight the harmful effects of damaging free radicals.
- ✓ Encourage healthy skin and improved circulation.

**OmegaKrill PRO** is a powerful antioxidant that can be 300% more effective and easy to absorb than over-the-counter fish oil. Krill oil is 44% more efficient in reducing bad cholesterol and lowering blood sugar than fish oil, with no fishy burps or smells. Plus, krill oil contains astaxanthin, a powerful antioxidant critical to fighting free radical damage that causes premature aging and disease. Boost your focus, memory and concentration and take charge of your pain with OmegaKrill PRO.

## OMEGA KRILL PRO

- OmegaKrill Pro has 60% more Omega-3s, which are proven to benefit your brain, joints and cardiovascular system
- Krill oil is the most potent form of Omega-3s from the Antarctic Ocean
- Studies show krill oil boosts mood, memory and overall well-being
