A healthy gut is a happy gut.

PROBIOTIC BASICS

Daily ingestion of a nutritional probiotic supplement enhances human health. Unfortunately, most live probiotics won't survive to reach optimal sites in the gastrointestinal tract. Powders, liquids, and capsules lose most, if not all, of these sensitive organisms upon consumption. To overcome this obstacle, Probiotics Basics uses patented BIO-tract delivery technology. Time-release micro-pearls provide:

- **MORE RESULTS THAN CAPSULES.** With superior patented technology, living organisms reach deep into your intestinal tract where they are needed most - even your large intestine.
- **HEALTHY GUT** 80% of your immune system is in your gut. Probiotic Basics replenishes beneficial bacteria for optimal digestive and immune health, helps balance yeast growth and promotes daily relief from gas, bloating and irregularity.
- **BOOST MOOD AND ENERGY LEVELS.** Probiotic Basics create a microenvironment inside your digestive system that encourages mineral absorption so you can feel like your happy, energetic and vibrant self.
- **IMPROVE SENSITIVE STOMACH.** Probiotics Basics is released at consistent levels throughout the day and throughout your GI tract, instead of all at once thereby wreaking havoc on your digestive system.
- **LOSE WEIGHT.** Recent studies show that probiotics like those in Probiotics Basics may improve your metabolism and accelerate fat loss. Getting your system back in balance can help you lose weight.

NU-ZYMES PLUS

If you suffer from indigestion, heartburn, gas or bloating, there may be a simple reason. When you were younger, you had an abundant supply of digestive enzymes and energy. Over time you begin to lose that efficiency. You probably notice that you're less able to eat the foods you love and start avoiding them to prevent discomfort.

WHAT DO DIGESTIVE ENZYMES DO?

- Amylase – Digests fruits and vegetables
- Cellulase – Digests grains
- Lactase – Digests dairy
- Lipase – Digests fats
- Protease – Digests protein

Bring joy back to the table and eat the foods you love.

Nu-Zymes Plus works to help your body digest food more efficiently by maximizing proven enzymes and Alpha-galactosidase, known to alleviate gastric discomfort and gas. Enzymes are necessary to every cell in your body for:

- Digestion
- Energy production
- Fighting infections and healing wounds
- Reducing inflammation
